Dear Mr. Christopherson:

Thank you for submitting a copy of the town building ordinance showing adoption of Wisconsin Uniform Dwelling Code (UDC).

I have reviewed the ordinance with respect to s. ILHR 20.06 and find it acceptable to the department. Please begin enforcement of the UDC using state permit forms, permit seals and a state certified building inspector.

If you or your building inspector have any questions regarding administration or enforcement of the code, please give me a call. I have also enclosed a copy of our Code Commentary for additional information.

Sincerely,

Gerald P. Marx
